Jabra BT3010

Designed by YOU!

Only your imagination sets the limits

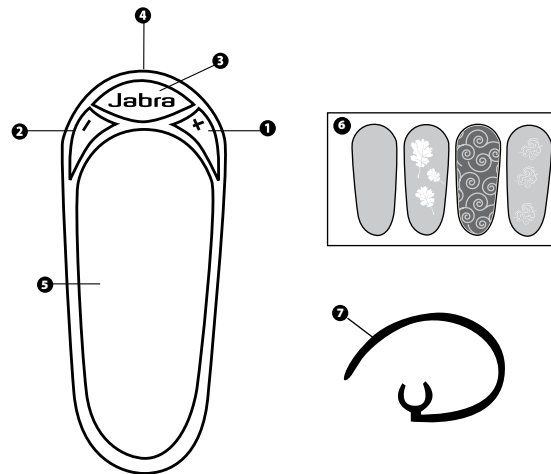

Just think – what if you had a headset that matched your outfit one day and your mood the next? Or looked like the feathers on your pet parrot? What about one with your name on it? Or your picture? Why put up with the same design every day, when you can create your own? Now, Jabra lets you customize your own covers – and only your imagination sets the limits.

Change into Jabra

Jabra BT3010 is DESIGNED BY YOU. This small Bluetooth headset comes with 33 creative cover designs – including several designed by Jabra users. What's more, you can create endless new versions at jabra.com. In short, the Jabra BT3010 not only gives you the freedom to change things the way things look, it also changes your view of hands-free communication.

More than looks

The new Jabra BT3010 is much more than an innovative design system. With its discreet earpiece and optional ear hook, you'll enjoy great stability and a secure fit. On top of that, you get up to eight hours of talk time and the uncompromised quality of a Jabra headset.

Quick start guide

Charge your headset

Charge your Jabra BT3010 until the solid LED turns off (approximately 2 hours)

Turning your headset On and Off

Press the answer/end button until you see a burst of flashes on the indicator light (LED) to turn your headset on or off.

Pairing the headset with your phone

1. When you turn on your Jabra for the first time, the headset will automatically start up in pairing mode.
2. Activate Bluetooth on the phone
3. Press 'Yes' on the phone and confirm with PIN code 0000 (4 zeros)
4. Your phone will confirm when the pairing is complete

Using your headset

Tap the answer/end button on your headset to answer a call. To end your call, just tap the answer/end button again.

Wear it how you like it

Wearing Style - The Jabra BT3010 is ready to wear without an earhook. If you prefer to use the earhook, simply click it on.

Change designs – Gently remove the transparent cover by snapping it off from the top. Remove the old design, insert a new design sheet and snap the transparent cover on.

Be Creative! Design your own covers at www.jabra.com/coverdesigner

1
