RELEASE YOUR JABRA

Jabra

The Bluetooth® speakerphone that's as mobile as you are!

Get mobility

The Jabra SP500 is a truly portable Bluetooth speakerphone, ideal for use in the car, office or at home. This stylish speakerphone comes with accessories that make it the perfect companion for a mobile lifestyle – including a suction mount for your windscreen, clip for the sun visor and car charger for instant charging on the road. The Jabra SP500 has a sleek, contemporary design and its contoured shape makes it easy to carry around and to use on any flat surface.

Get performance

This speakerphone is designed with innovative, intelligent features that assure you crystal clear hands-free conversation whatever your environment. You can keep talking with your hands on the wheel while driving, as it automatically adjusts speaker volume to account for background noise with its specially designed DSP (digital signal processing) solution. Add to this the latest Bluetooth technology 1.2 for faster connection and improved audio quality, and you have one of the most technologically advanced Bluetooth speakerphones on the market today.

All this and it's so easy to use

The SP500 has been designed for total ease-of-use with the busy professional in mind. There's no installation required and a dedicated pairing button means you're just one touch away from Bluetooth connection to your mobile phone. Other convenient features include pivoting microphone for optimal voice pick-up, digital volume wheel and mute button for added privacy. With up to 20 hours talk time and 480 hours standby, the Jabra SP500 will see you through most working days.
